Dear Parent/Carer of Year 10 & 11

Re: Maths Revision Guides and Corbett Maths Revision Cards

We are able to offer students the opportunity to purchase some extremely useful GCSE Mathematics revision aids.

The Maths revision guides and workbooks, which currently cost £5.00 for the pair, are available at either foundation or higher level. They are aimed at students entering the Edexcel GCSE Maths exams, which is the exam board that we currently use.

The Corbett Maths revision cards include 90 tier specific cards which include revision notes, QR links to questions and video clips. They currently cost £6.25 and are available at either foundation or higher level. For more information have a look at <https://corbettmaths.com/revision-cards/>.

These are very good resources and include questions to work through, as well as revision notes, to enhance their confidence and understanding within the subject. The more they practice Maths the more successful they will be.

If you wish your son/daughter to purchase a revision guide and workbook or a set of revision cards please log on to your ParentPay account to make payment. Students can then collect their books from the finance office.

If your son/daughter is eligible for Free School Meals or if you are on Income Support, Income Based Job Seekers Allowance or Child Tax Credit and are unable to meet the whole cost, please contact the Finance Office.

Yours faithfully

Mrs Elizabeth Phillips
Leader of Learning Mathematics
