

September 2018

Dear Parent/ Carer

We have been approached by the University of Exeter to take part in an exciting research project about metacognition and how our students think about their thinking. The results from this process will be used to inform our planning and further develop teaching and learning at Kingsmead.

All Year 7 students will be asked to complete a questionnaire about learning and how they study. A number of students will then be selected to work with Becky Jenkin from the University of Exeter. She will be conducting research activities during the school day at Kingsmead throughout October.

Please can I ask that you read the attached information and return **either** the attached consent form if you are happy for your child to participate **or** the reply slip below if you are not by Monday 17<sup>th</sup> September to your child's tutor.

Yours faithfully

**Kim Davies**  
**Associate Assistant Head Teacher**
